Katarina and the Whale

Katarina falls into the water. It is stormy. Then she catches a crab and a fish. Then, a whale pops up out of the water next to Katarina. Katarina is happy, but the whale is very angry because Katarina is very naughty. Katarina climbs on the whale and the whale dives.

Then, when the whale pops out from the sea, Katarina sees the junk but it's too far. Two people call out : "You may come here! We'll get you back to the junk." Then Katarina was safe – back on the junk.
