

## *My Favourite Festival*

*By Chau Lok Yo, Yoyo*

*My favourite festival is Christmas. We can wear special costumes and eat Christmas dinner. The costumes are all very beautiful and the dinner is yummy. I celebrate it with my family and we have a great time together. Gifts are given by other relatives and games are played by us. We celebrate Christmas in the end of December.*

*Why do we celebrate Christmas? It is because our God was born on this day and we celebrate this day to remember the birth of our God! As the day goes by, this festival becomes more and more popular. It is a festival celebrated all around the world.*

*I like Christmas the most because I can have a long holiday to spend more time with my family and I can also eat Christmas dinner! The most important is I can buy a gift for myself. I am happy when I do shopping.*

*Which festival do you like most? Please share with me?*
