

My Hobby

By Chow Lok To, Sofia

Last Friday, Tony, Mary and Sue talked about hobbies in the playground happily. Mary asked, 'What do you enjoy doing in your free time, Tony? Tony replied, 'I enjoy going rock climbing in my free time.' Sue said, 'How often do you go rock climbing?' Tony replied, 'I often go rock climbing on Saturday.' Mary asked, 'How about going rock climbing on this Saturday?' They felt very excited and delighted.

On Saturday, Mary, Sue and Tony went to climb the climbing wall in the community centre. They were very tired so Tony asked, 'Do you want to eat some food and take a rest?'

At last, they went to a restaurant and ate some food. They were very joyful. They all had a great day.
