Today, I went to Ngong Ping Village with Mum and Dad.  
I went there by MTR and cable car.

Ngong Ping Village is on Lantau Island. The Cable Car  
Discovery Centre is the most interesting building. It is a centre  
where we can learn how cable cars work.

However, Motion 360 is more fun than the Cable Car  
Discovery Centre. It is a 3D cinema with different shows.

The Big Buddha is the most amazing statue. It is  
spectacular and glorious!

I had an amazing day today. I felt glad. I want to go to  
Ngong Ping Village again. I think that this trip was  
unforgettable!
