

Fantastic Hobbies

By Fong Yan Hay, Eunice

Last Friday, Tony, Mary and Sue talked about hobbies in the playground. They felt happy.

Then, Tony asked, 'What do you enjoy doing in your free time? ' Mary said, 'I enjoy going rock climbing.' Tony asked, 'How often do you do it?' Sue said, 'I sometimes do it.' 'Me too,' Mary said. Tony asked, 'How about we go rock climbing together? They felt excited.

They were in the sports centre. They were climbing on the climbing wall. They were very tired. Tony said, 'I am hungry. Let's go to a restaurant to eat something.'

At last, they went to Tony's playhouse to play games and went to Tony's home to eat dinner. They felt happy and excited.
