Sunny

Today's Kimi's tenth birthday, so we celebrate together.

In the morning, we went to play basketball. Kimi was very excited because he used to play basketball twice a week but he seldom plays now. I met another friend, Peter, there. He is good at basketball. He taught us a lot of skills and we played together.

In the afternoon, we went to McDonald's for lunch. We ordered a lot of food such as fish burgers, fries, fried chicken and a big cup of coke. Kimi and I enjoyed them very much because we all like fast food. It was very delicious and enjoyable.

What an interesting day! I am very happy that Kimi and I could do so many interesting things together. I hope I will be able to celebrate his birthday together next year.
