

An Accident on a Picnic

By Yu Ying Yuet, Yannis

Last week, Alice went on a picnic with her family. Her mum and dad were rolling out the picnic blanket when she saw a rabbit eating grass.

Suddenly, the rabbit went into the woods. It was jumping up and down. She was curious, so she decided to chase the rabbit into the woods.

Then, she accidentally tripped over some rocks and twisted her ankle. When she hurt her ankle, knees and arms, she screamed. In the woods, no one was there, so she lost her nerve.

At last, her mum and dad found her in the woods and called an ambulance. Her mum asked her, 'Why did you run into the forest?' 'It was because I wanted to chase a rabbit. I will not do it again,' replied Alice.
